

WESTFIELD®

Small Business Medical Office Insurance

Medical Professionals

You focus on providing the best care for your patients every day. At Westfield, we take a similar approach to insurance. Whether you run a dermatology clinic, family practice, or another type of medical office, our coverages can be tailored to fit your needs.

Who Needs Medical Office Insurance?

From multi-provider practices to small specialty clinics, medical offices of all kinds need coverage to help manage risk and ensure financial stability. We provide insurance for a variety of medical providers and health care practices, including:

- Dental Offices
- Family Physician Practices
- Ophthalmology Offices
- Radiology Centers
- Dermatology Clinics
- MRI Centers
- Physical Therapy Centers
- Speech Therapy Offices
- Dialysis Centers
- Occupational Therapy Clinics
- Podiatry Practices
- Urgent Care Clinics

Westfield does not cover inpatient care, including behavioral health, drug rehab, assisted living, or home health services.

Common Coverages for Medical Offices

Your coverage needs will depend on the unique operations of your medical office. We'll work with you and your agent to customize a policy that addresses both the common and specific risks your practice faces. By leveraging ongoing research and key industry insights, we can help protect your business, so you can focus on what matters most — providing quality patient care.

Essential Coverage Options for Medical Offices:

- Business Interruption
- Employee Benefits Liability
- General Liability
- Commercial Auto
- Employment Practices

Medical Office Insurance for Small Businesses

Many small to midsize medical offices choose a business owners policy (BOP) for convenient, cost-effective coverage. Westfield's SureStep® BOP combines business interruption, general liability, and property insurance, with the option to add endorsements and coverages to meet your needs.
