Coverage Glossary

SureStep® Business Owners Policy

SureStep® BOP grows with your clients. Start with coverage your clients need and expand coverage and limits later. And get this — if they buy insurance for their business along with Westfield personal insurance, they'll get up to a 7% discount off Westfield Personal Auto and Homeowners insurance.

Cyber Insurance

If your client's business becomes the target of a breach, hack, or other cyber-attack, Westfield cyber insurance provides first- and/or third-party coverage against losses, including data breaches, extortion, ransomware, theft, hacking, and leaking of customer information.

Equipment Breakdown Insurance

Your clients get protection from lost revenue when equipment is damaged through power surges, electrical shortages, or employee mishaps.

Employment Protection Liability (EPL) Insurance

EPL coverage protects your client's business in the event a current or former employee sues for acts like wrongful termination, discrimination, or harassment.

Commercial Crime Expanded Coverage

This provides protection against employee theft, forgery or alteration, losses from accepting fake money orders and money, and security theft that happens inside and outside your client's business premises.

Workers' Compensation

Your clients' employees are worth protecting. Workers' Compensation coverage provides wage and medical benefits for your clients' employees who are injured or become ill as a direct result of their job.

Professional Liability Coverage

This coverage is designed to protect your client's business from liability when a customer claims negligence or sues for failure to perform.
